

HOW TO SEARCH IN ERA-MIN DASHBOARD

Guide to search in Dashboard v1.0

Co-funded by the Horizon 2020
programme of the European Union

Dashboard

The dashboard **is an interactive tool** designed to obtain at-a-glance the information related to the funded projects under ERA-MIN.

Funded projects are **classified by**: Country of participation; Total funds obtained; Total cost of project; Number of projects funded per Call; Categories of classification; Yearly distribution of project by category; Number of projects funded vs no-funded per Call; Mineral Category; Country of Project coordinator.

How to Search

Firstly, click in the specific field you need information. Examples:

- Countries with Brazilian partners -> click in the box of 'Country participation' in Brasil)
- Projects funded under ERA – MIN 3 Call 2021 -> click in the box 'Evolution of project funded' in year 2021

How to Search

Secondly, to obtain specific information within the selected field, wait without clicking until a box with the data appears and click in the three lines symbol (“See Data”):

How to Search

In the secondary window, click in the left part (“*Individual Projects Database*”). The list of the projects resulting the selected field will appear with the associated data (Country, Project Coordinator, Budget,...) to these projects in different columns.

Country	Latitud (generado)	Longitud (generado)	Recuento definido de ID...	Recuento definido de ID...
Brazil	-11.6940	-48.9780	5	7

Co-funded by the Horizon 2020
programme of the European Union

How to Search

To select the data associated to these projects click in “Show fields” in the upper right part.
